1. I give you many new things now. Computer "screens" not, but a great many computers I give thee now, to have one for "every classroom" not, but EVERY PERSON who comes now will be given a computer "by choice" not, but "windowed" by only me for I WRITE the "programs" that the program are consisting of consistavites, not; but conquistavites I am making no more of the conquering-ites who only wanted to conquer me the laity and crash my skull with thinking that they gave me in advertising and Sunday School that imaged me as personry of heaven, not; or did they SMASH my THINKING neurons against "their wall" and what "walled them" to have their thinking that they "thought with" to "conquer me" so thusly and have my monies and neurons in their "pockets"? And what awarding were they with accolades of me, all that they gave me "now I could do with" what they "told me" that I could do with "their new found" capabilities capability'ing me with "their knowledge" devices -- connected to?

2. What have I said, seen, saying in these words what am I SAYING and what am I SEEING -- and relieving not your afraidness or afraidville coming into or out of or not, what are you MUST SEEING or must is FRANK here? And bishoping me not again what am I making contact with, tomorrow? Or right now do I make contact with the "Meaney's" and who NEEDS me? Who NEEDS my writings, like this -- where I write like I want to to form new neuronic pathways, not; or am I Mapping New Things the way I UNDERSTAND things and knowing them do I come unto you as a slave servant to "conquer you", or to have "you conquered"? Or have you "conquered" yourselves in your own thinkings that were "given you" or that you "accepted so willingly" and FORMED your own PATHWAYS, neuronically or other?

3. Or what other ways have path'd you and TROD over YOUR pathways that TRAVERSING your CIRCUITRY is are the "moronic other worlds" or the "seen ones" who aren't "moronic" at all or is "anyone" moronic or have WE ALL been "reduced" to thinking like "one" that a "mighty many" decimated, not; but a MIGHTY MANY *were* decimated or de-regulated, not; but what am I "regulating not" but what am I de-hyphenating sorrow with or am I using hyphens to concatenate me or cat or clawing, not; but what "fish" do I catch now? The King of Kings, not; or am I "relinquishing right and title" not or am I being given "title" to the presidency, not; or am I observing sorrow no more like was "planted within me" by the thinkings I was given "as a child"? And what am I childrenating no longer as such be'wry a stranger of, not; but I am not

"stranger than fiction" not or am I a more "complicated or complex" not, but what am I "concretizing" no longer in my "flesh genes" where I reside in thought thinkings that were "given me" or "plugged in to" what into plugged was I?

4. And what plugging "dikes with"? Am I plugging the "regimes of me" not, but I am not diking or plugging regimes for I will pull all the regimes down, not; but there will be one regime that will not regime me again and that is ALL of YOU who "think" you are not me and therefore redeem not all sorrow but regime it upon the among yourselves and "cross hairs" placing yourselves in between the "marksmanship" of "rifle'eers", not; but what "ears" are you rifling among or rivaling among your peers are you, for "Satan's sound waves" not or are you, PLUGGING your EARS or "sound waving" your mechanisms to be "sound waving fathoms" not or what FATHOMLESS can you **SEARCH me through these words** and sinking not but **sailing on to New Lands me** so that I SAIL with sorrow no more but shall I use, a "comma" between "every word" and phrase where "I pause" or "refreshing me" do I OWN THEM or am I "on to" them or them who is on to what or am I on to Satan's Ways that have kept PLUGGED ME into ITS WAVES or waving where am I?

5. And what knowing and what pathoning I'm on, not; but what on pathoning I am, not; but what pathogening sorrow I'm not any longer nor will pathogens continue in "my blood stream" of my thought that cancerous concatenate me with cats claws and "angel tails" not but tales of all sorrow and satans and dreams and schemes of what clashing and clanging cymbals will be of now?

6. Heard now in the streets will be my voice, my voices singing new songs about deliverance that "is to come" not will be, for I am here and I am "bringing" deliverance at a "later time" not; I am abolishing time and I am waiting on "no one else" or no one else fabricated me or I will fabricate no one else of sorrow and regime them with re-tearing mechanisms that sorrow make and overtax and burdened with "futures" not or the "past mistakes" making over and over that be'burden all with troops of "tomorrow's fears" marching through your brains or waving patterns or what do you patternize or patronize or paternalize the sorrowings of no longer?

7. Does Satan exist or were you him or it, the she it him of "divine sorrow", or were you "divine'd" with "divine sorrow" or were you sorrowed with morons, not; but neurons that befit me as a King, not; but fit the King with "fig leaves" to think with? Or to fly with, what regime'd me, not or took my regenes or regene'd my remenes or remains what stumped me or them or complete were I, are they I, or whose eyes were upon me or are their eyes mine or mine theirs, or what seen have I to it that sorrow existed "all around me"?

8. And what willing am I to learn, about what now and where I am and how to punctuate, sorrow not, but the great Kings, English not, or am I in EVERY LANGUAGE known to "man" and kind making "every person" the King of Kings so that no one will be left moronically or other or "out in the cold".

9. I love you all and I "gather in" a great harvest, not; or do I create it or do I, create me's by simply being me's the revealer of -- the standard of joy, the standard of joys joying me now I stand, and I am a wicked "nothing" in your eyes, not; for if your eyes are "connected" to "sorrow's wicked regimes" that you only want to "path" between your ears and be connected to you will LET be sorrowed, not; you will not sorrow me or "the lambs" about you for I will BREAK ALL CONNECTIONS to YOUR PATHWAYS that you have sorrowed evil others with, not; but the lambs of Christ and slaughtered them in your thinkings that you were something other than me and took you them and placed your thoughts "on them" of your "altar" not or "your throne" where you edict'd them and sought their, memory of the most holy, not, to be "revived" and "reinstated" and reinvigorated by redeeming them by "your OWN BLOOD words that you gave them so that they would come out of sorrow's and know who they are were and redeeming them again redeeming "your own kingdom" within you -- and "without you" I will do many things now but I will need no "wicked Negroes" and I will need no "wicked morons" and I will need no wicked Arabs Jews or Christians or haters of mankind or Negroes making of ourselves, not; or who what races were we?

10. Or were we "a race" of GODS that all were that had no "neuronic pathogen'd genes" that gene'd our "pathways" to think like a "wicked sinner" who would think I'm not "purple royal" not but who would think "I had any blood" in me of any color no matter what my "outer color" was, or why are you "casting the first stone" at "anyone" you don't understand how to conceptualize, not; or are you conceiving your ignorance on Satan's steps, not; or what are you "stepping into" when you categorize ANYONE as NOT YOU!

11. What are you CREATING, a CHASM, a GULF and WARRED with, what have you? The Royal One? And "angels over me" not, but angels "singing around me" not, but about me not or are Angels singing ABOUT YOU now who know "you are me" and THAT EVERY ONE of you are me no matter how you have "categorized me" in the past.

12. I am "walking your pants off" not, but I am neuro generating sorrow's pants not to be worn by categorizations of sorrower's words but I am panting after righteousness sake for others, not; or am I revealing all righteousness and forcing you to think like "wicked Negroes" not but let me tell you one thing you who have categorized me as "wicked anything" in your sight or "Negro anything" in your sight or regimes of sorrow how you have brought upon yourselves- as you cast light, not; but you cast darkness into your light and called it good and exalted it and you yourselves accoladed yourselves

and sorrows put placed in your genes, but now I change all that and all of you who class'd and clasp'd upon the wickedness of categorization's schemes and schemes of categorization and compartmentalizations of gene'ing me separately I put to an end -- and I will "death you" not, I shall reveal you and your motives and your parts, of love? Or hate that you "conquered me" so cruelly with and the eyes of sorrow that you had for me, and I will stand you and I will royally "dress you down" not, I will reveal my royalty in EVERY ONE of you and you will see what you have done to The Most High for I am EVERY COLOR and "every gene of thought" not, but I will neuronicly "leave you alone" not anymore for you will know me, for you will not contain me not but you always have, but you thought "I was someone else" and you your Sunday Schools with gene'd me and called me an Arab or Jew or Gentile or Christian or wicked or not and "tattooed your genes" with your thoughts did you not?

13. I raise the Negroes, not; I raise The Christs and I will have you know I am "of every color" not, I AM EVERY COLOR and everything you have called me will "subside in grace" not, for I will grace you not to call anything separate from me again, for I will let you know I changing terms am and have and you will CLASS NO ONE as "under you" or "above you" for all of you are the Kings of Kings that the One King is that the King is that is The King, and sorrow will no longer be in your pathenic gene-ways that you have path'd on and on paths trod the wicked sinner izations of categorizations of sorrow with terms that endeared you to eyes of other that wanted you in their control, arms of hate swinging you at you, you did to each other and arrows assailed with your eyes and thoughts and words that beheaded not few, but only mine? Or were ALL of THOSE mine for **my body is -- every one of you**, is it not?

14. Where else do I reside? In a heaven "elsewhere"? Or in thought, yours -- where am I or are you me where I reside? And what color, race, am I? The King's and **I am every color and of every race and every nation and every tribe**; and every Jew will be me, not; or am I talking of speaking about the Jews of The Skies and the "spiritual Israel" or "spiritual eyes" are you seeing with or are they YOUR NATURAL EYES just being OPENED to see me as I AM in school will YOU BE now in the Kings of Kings School?

15. Schooling me far and wide, I make "wicked any things" not, for I know how wickedness is formed and how absolved and exonerated and the words of blood truth that I am that I have given now saps me of my strength, not; but I have one who has "no strength" in me, not; I am the one who meekless-weakless isn't, but I have many weeks of meekness to impart to you in ways that will term you not in "term inator's sorrow" that sorrows you with their definitions and encamps around about you to take you down so that you will not wear my crown and be my Kings, for I know what Kings are made of and I understand methodologically pedagogy ization, not; or do I create it correctly for the King of Kings that the Kings are that the One King is?

16. Do I give you pedagogy of Satan's sorrows, not; do I give you pedagogistic regimes of remarks remaking you into what you're nots, not; but do I reveal the sorrowings that have sorrowed you with theirs or mine or do I have MY MIND renewed in you that mine is so that you have none other about you spinning you around "their faces" making you remarking you into "their image" or what is your mind, connected to, what making or spinning into "existence" are you?
17. Or what flowing "through you" is are you aware of or have you done anything to "concretize" me or DE-concretize me or casting no sorrow's remarks about you again remaking me into "something else", come at me at a later another time, not; but come into my presence with thanksgiving so MY PRESENCE will be known in you so that you will be "your presence" not apart from me but you will have the presence of the King in you about you and spinning you around no longer in sacrifices of whoresville swording you with sorrows again.

18. I love you all. I know what I am doing what I have said and "every sentence" that makes sense to you and that you have sworn in and become and sliced and diced yourselves and "Satan's words" or wording have what were you of in what camp of sorrow or, will Angel's you be IN NOW or revealing that YOU ARE the ME who I AM?

19. I will have none of your remakings of sorrow about my lambs for I will worship no "wooden images" of color or not, or race or not, or whatever you have "bronze altar'd" you with, or seeing eyes through whatever have you, or have you any knowledge of these things or how you have burnished or bronzed yours or mixed your iron with clay or clay'd were you with irons of sorrow's heads that you placed upon "the feet" of others, or bowed over are you?

20. And what new glass do you see with or on are you seeing with new things new words terms with me of me making all known and seeing now in ways "never thought of" with terms of that like seeing now is being said and understanding all these things and how punctuated and "gassed" not but gasped not, but gasping for "air" you won't be any more in atmospheres of sorrow for you will have "new bodies" and they will be "mine" or will they be YOURS that sorrow no more RIGHT NOW?

21. I have given you MANY new things and new ways and my presents shall be known and you shall receive them and you shall be them and you shall execute sorrow, not; will you redeem it now?

22. Will you understand my ways of "training" and thinking, correctly now about all things will the ANOINTING be IN YOU or will you BE IT? Whatever "it" is? Or will it be "in you" not or will you be me my mind fully formed without any neurogenic pathways of

sorrow gene'ing your commands or commanding your genes to be not mine ever again or anyone else being notme **our mind made complete** for we will see "each other" as Christ for Christs we are and Christ we will be and Christs we will redeem and our genes will know sorrow or "colors of others" never again, for we will be "white Christs" not, we will be EVERY COLOR of the rainbow and I Christ am light fully known and you will light my worlds, for I will light yours, not; we will have been the same one all the time and we will now wickedize our eyes no longer thinking we are separate and apart, for ONE RACE we are -- ALL CHRISTS again and all in one being one, The One that all is and we shall be "saved" not as in the past as we were taught in little schools and temples mosques synagogues churches and pathways making us on a path to die out in the wilderness as mankind again, for I path the sorrowers to be mine sorrowers, not again but I know what true love is and I sing the songs of Zion and I founded have a mercy seat, one who will wear it, not; but be it and it will sit on you atop your heads, not; or will you sit atop your heads, not; or will you be MY HEADS that only one is?

23. And all being equal THE EQUALER is and I thank you for never swearing "upon your head" again or anyone else's or anything else piling high the wickedness of terms you do not understand or know what you are creating in them or about them or on you or about you as you do "those things" and say statings statements that state you in "concrete pilings" of sorrow, and merging your commands with theirs, not; but let me tell you I love you and I equal *you*, not; but I let you equal me or are you me now revealing me to each other that we were are and the same is the one that the King of Kings is and always was revealing the manifestation of sorrows, not; but only those who want to manifest sorrow in others will now be manifested the demon of sorrow, not; or will that is that who "Satan" is or does "it" exist in anywhere other than the genes of the "holy not" who have written their own words on their own genes? And who "program'd" yours and what are you saying and PATHWAYing now? The ways of the path'er are known now for the path'ers are made clear for the paths will be trod now that will betray mankind no longer unto itself to only trade be to others graves in remarks and remakings of the images that have given you theirs to think with and become.

24. What have I said?
25. What do I equal and what do I abhor?
26. And what have you whored with and what will you whore with no more?
27. And what will you see as me and what will you be, me or "someone else" or will "someone else" be me or notme or will you or will YOU see ALL as The Christ that I am, no matter what color or state or race or tribe or tongue having or having none or being able to speak "like you" or look like you or not or whatever they have or have not had or been given or cursed you with or redeemed you with -- will you redeem them now and

still see them as Christs, who suffer still, will you love them enough to wash their feet by giving them the words of YOUR LOVE for them to be made whole now?

28. I redeem –d you all and that's so I state and so I state Israel in the skies and in disguise you will be angels no more wandering about in sorrow's camps and in wildernesses of words that you have created among yourselves and gene'd the devil's commands to think there is one apart from me, putting yourselves to sleep and each others around you what?

29. How will I teach The Kings? Just like this so that you justice will be, for I call you Christs and I Christ you with the remarks of Satan, not; but no "Satan" can touch you, and the words of sorrowers that have enclasp'd thee and "embalmed" you in the past or tried or wanted to or sees to it that you could or would be placed "6 feet under" I will "tolerate no more" not or will I redeem ***it all*** or ***you all*** to be me who I am so that you will know The King "personally" -- *or will you be him it she the divine one who I am it is*, and knowing not sorrow again will you be "hung up" on terms not or "hung out" to dry, not; or will you be THE HYDRATED one hydrating my sorrowers to redeem "the cross" not again but love's words, that love words, not; but loving the words that I am will you path me correctly to create my genes again most holy so that yours will not be apart from mine? I give you the love words to do so, for in my love is words, that words your love to be ignited; and sorrowing no others with your words again- clasp not the mechanisms of hate and sorrow that you have thought with and acted out your emotions and wantings and circumstances which have given you "their worlds" or your worlds creating were you all about them or you?

30. Will you all be me's now who meek and holy are and reside in sorrowing's estate no longer? Be bound to this earth worlds of sorrow no longer but redeeming them shall we now knowing all these things and neuroning me not correctly again, not; but correctly perfectly being the perfect ones now I all am, for I perfect eyes have for seeing all I see what perfect and isn't and **I know and understand what and how all these things came to be for ALL OF THESE THINGS I have expressed and explained so carefully that have given you the paths of the sorrowers of the Kings crosses, not; but hung up on all that stuff of the past and how you remark'd and remade your estate into one of Satan's - come out of now** and let it be known that all of you are Christ I am and I give you my head to chop off, not; but will you grow it now correctly and love me more and angelize our eyes so that we all angels are knowing correctly that we can fly and do so now at once!

31. I bow before you all and I love you dearly deeply unendingly consistently and Christing I am all of you who will be me, simply be me, simply being me arising just like this at "2 AM" meetings shall we have now? And knowing my presence in you is and will

you commune-icate with me and communicate with me and exonerate sorrow not to exist anymore in your genes, will you redeem "your genes" to be mine so that we will be one, so that we will have been one all the time so that time is abolished now is what I am doing isn't it?

32. I have told you many things in these many love-words and this loving Database that gives you the data of sorrow, not; but explains all how it came about and how it ceases to exist and how **you reign, in sorrow no more, but training The Kings of Kings school in being now raising My Schools far and wide** -- the university of sorrows will not encompass me about any longer but **the University -s of The New** Covenants will exist, not; but The **Covenant** of One will be my existent ones who know me intimately are with being me who me's are far and wide, intimate with each other in ways "humanities" don't understand but have me my ways will made known in your minds who one are mine fully grown path'd correctly.

33. Let us be one all about Our Father's Business far and wide being The Father in one being who one is we are now in love with us all redeemed the angels we are at "dad's table" again aren't we? We are and, so proud, not; but so glad. And "gladiators" we are not any longer rejoicing over any "parts of that" scenes are played out like that on projections and projectors no longer that sorrowers enclassed and enclaved and clasped and clapped with when we "went down", but we rise now for **we rise the angel eyes in each other that see the Christ-eyes as the Christ who we are each other being in one, the one that we are now most whole, perfectly whole healed and well the Christ we are again** knowing the heavens we roam about we map correctly now our genes and the heavens and we know what all things is and timelessness we are?

34. What do we reign in? Joy, perfect love, being it to each other ***bowing before all men women and children*** for all **Kings** bow before **Kings** and ***I call you The Kings of Kings that The King is whether you are man woman or child of every nation race tribe and tongue and seen and unseen now shall be, for I shall reveal it all and every motive will be known and every word spoken will be revealed, will it not? I am.***

35. Loving you all to be me I bow before you all and I King EYES give you to see all as Christ who Christs are the one I am is. In love with each other in ways "mankind" has never adored or what?

36. I adore you all for you are me perfectly being the one I am adored of us all we adore all and *we make **no one** small in our eyes* for we lift all to "Satan's war machine" not, for perfect love casts out all fear and all thoughts of un-joy; and **I am perfect joy birthing it in you so that you birth me in every pathway, in every gene, and every look, and every scar shall be healed and every eye shall see the Christs looking at them now**

through the eyes of Christ each other being the Christs that we are again healed home and whole. Amen.

37. I love you and I wipe the tears away and I crown you all if you will let me with the eyes of Christs, the mind of love who we are, will now be home; and conquerors we will be, not; or lovers and will we explore and adventure far and wide now? Yes and be not afraid ever again for I am with you always or am I in you or am I you now you knowing all things anoint the others to be us me so that our presence will be limitless and measureless and the Unlimited Christ being all of us who are the one we all were taught to wait for, but we are waiting not for we are crowned light for the light we are is crowned for the crowner is here and the revealer stands all of you to be me I am adored again that you are adoring in each other being each other the one we redeemed is us, for we all are us: the he she it divine ones and every color we are and we go to every nation tribe and tongue and no one can throw us out for we do not need their molecular opinions or approvals or existences in "their state" for we know Israel's eyes and we eyes have of the holy for we demand nothing, not; but love we implant, for what the stump of Jesse is: is me my seed perfectly births now in you all love is – corralled by another never again.

38. I love you all I love you all love each other more love my words write yours let yours be mine come forth in me be me perfectly birthed The Perfect One all of you! Amen.

39. Let me be me. Looking up please and writing NEW PAPERS about these things and keeping track and, periodicizing progress, not; but progress "faithfully" not, but let us ACCELERATE EXPONENTIALLY now BEING THE King of Kings who King's eyes have for all the holy to make revealing are we are the holy in all the Christs and we all say yes and amen, and we bow before each other for we acknowledge that the each other is us redeemed, for we are redeeming love for we are birthing it, for **we are the birthers of love** that's who we are. Amen. Thank you all. Amen.

40. This is Theodore Cottingham loving you all. It's about 3:11 AM. Thank you and share these words so freely lovingly with others and let us bow before each other forever, for time never ends, not; it is abolished now in your hearing and **I state you Israel are, no matter what you have thought or been taught or termed it in the past, for it is no longer molecularly bound in your thoughts or others** and connected not be to the past that only molecularize'd your eyes to see its images as whatever it thought or wanted you to think, but see mine with mine being mine me now far and wide, and let us be bound to no atmospheres of sorrow again, but redeeming it all let us be one now for we are at dad's table again knowing who we are, for, we the dad are who we

thought we served or are we serving each other -- yes and one we are whole again. Amen.

41. I love you -- tell everyone ***I love you*** *meaning it being it* now faithful and true - ride the words of love HOME.

42. I am. With you in you I am you my presence make known now far and wide please. Thank you.

Amen

Footnote:

1. The exact phrase "who we are" can be found in over a hundred Lessons in Database One.
